Anchors Living Learning Community

Anchors gives first generation college students a unique learning experience designed to support transition from high school to ECU. Participants move to campus and start classes two weeks prior to the start of the fall semester. Anchors creates a community for students through interactive academic, co-curricular, and social activities.

Beginning two-weeks prior to the fall semester and continuing through the first year, Anchors residents will enjoy the typical advantages of living on campus with the added benefit of proactive, structured academic support.

- Designed for first generation college students
- Students move in two weeks before fall semester begins
- Includes peer mentoring component

“Being an Anchors LLC member played a really huge role in my transition from high school to college. Outside of classes I was always with my friends that I met because of the LLC, or I was always in a very helpful meeting. Anchors made my first year very fun.” – Anchors LLC Student
