Remember D permit holders to move your vehicle out of the Curry Court lot by 5pm on Friday, September 7th. Refrain from parking in the A2 and B2 zones. Availability in the A1 zones in the map below on this Friday should be good. Cars will need to be moved back into the D zone by 7am on Monday, September 10th. See below for more information.

During all home football games, the Resident Remote lot on Curry Court and the lots around Carol Belk-Health and Human Performance will be closed and designated for the NON-STUDENT Pirate Club. To accommodate the lot's D permit holders, Parking and Transportation will allow these D permit holders to park in the areas circled in green in the map above. ALL cars may begin relocating starting at 3pm on Friday, September 7, 2018. All cars must be out of the Curry Court and Stratford Arms lots by 5pm Friday, September 7, 2018. All cars must be out of these lots by the appropriate time stated above for each lot, or they will be relocated by a towing establishment. As always, students also cannot park in any other reserved, ADA spaces (handicapped spaces) unless authorized by our office, maintenance/service areas, and no parking zones or fire zones. All faculty/staff and students must return to their respective zones by 7am Monday, September 10, 2018.
OTHER GAME DAY PARKING INFO FOR COLLEGE HILL & UMSSTEAD RESIDENTS/VISITORS
During home football games, there's a few things ECU Parking & Transportation would like to remind all College Hill Residents and/or their visitors in regards to parking before Kickoff. Kickoff is at 3:30pm, so at 12:30pm on Saturday, September 8, 2018 expect to see the following to happen:
The Greenville Police Department will block the road between Charles Boulevard and Elm Street (14th Street) to all traffic as well as the entrance to College Hill Drive from 10th Street. This means that the portion of 14th Street from Charles Blvd to Elm Street and both the entrances and exits to the College Hill area will be inaccessible to ANY incoming traffic. Cars will be allowed to exit the area, but they will NOT be allowed to get back in - even if they have a permit!!!
Due to space availability, no visitor permits will be sold for the A2 College Hill area. Visitors may park free of charge in the B1 zones on Reade Street.
Visitors may also park free of charge in the Five Points Public Parking lot at the corner of 5th Street and Evans Street in Uptown Greenville. A shuttle will operate from this lot to the top of College Hill beginning 3 hours before game time until 2 hours after the game. More information on public parking can be found on the Greenville Uptown website: https://uptowngreenville.com/play/gameday-shuttle/
Visitors may also park in the following areas that are first come first serve and paid for when you arrive: the ECU parking lot on 14th Street east of and adjacent to the Rite Aid Pharmacy and the Handicapped/ADA ONLY A1 parking lot in front of Christenbury Gym on 10th Street (closest to College Hill). The ADA individuals that park in the designated ADA lot in front of Christenbury will be provided a shuttle to and from the lot to Gate 9 at the stadium.
If you have further questions regarding parking during the game, please visit their website: http://www.ecupirates.com/sports/2016/7/8/football-game-day-parking-information.aspx?id=22311 for more information.
